PESACH ALERTS

BLANCHED ALMONDS are not acceptable for Pesach without special Pesach certification. Only raw - not blanched and not roasted - almonds with no additives may be used for Pesach without certification.

HERSHEY'S COCOA that may be used for Pesach with a plain OU refers only to the plain "Natural Unsweetened" type. The "Special Dark" type is not approved for Pesach.

Remember – check every label for Pesach certification!

We wish all our readers a Chag Kosher V'Sameach
