## Who We Are

*"Ahavas Olam was founded with the vision to create an environment where professional and working people can remain anchored and growing in their Yiddishkeit through finding pleasure and gratification in their in-depth Torah learning and spiritual growth. A crucial component to creating such an environment is a sense of belonging and community felt by all the participants".*

*From the words of Rav Simcha Klein*

With Hashem's help, in the seven years of its existence, Ahavas Olam has succeeded remarkably in serving as a beacon of Torah amongst young working individuals and families in greater Detroit. The feeling of community within our Torah Center has indeed become the hallmark of all Ahavas Olam activity. Residing families have developed a deep connection to Ahavas Olam and its programs, while a number of transient families have chosen to make Detroit their permanent home due to their satisfaction with the Torah Center and its vibrant communal atmosphere.
