

# Building Campaign 2013

AHAVAS OLAM OF GREATER DETROIT IS:

Meeting the spiritual needs of the young professional and working families in our community.

Attracting new families to our community.

Where Torah, Chesed, Davening, & Community all come together.

Since its inception, Ahavas Olam Weingarden Torah Center has seen tremendous success, rapidly out-growing both its first and second location.

Our recently purchased building will accommodate the projected needs of the Torah Center.

“Ahavas Olam was founded with the vision to create an environment where professional and working people can remain anchored and growing in their Yiddishkeit through finding pleasure and gratification in their in-depth Torah learning and spiritual growth. A crucial component to creating such an environment is a sense of belonging and community felt by all the participants”.

FROM THE WORDS OF RAV SIMCHA KLEIN, FOUNDING RABBI

With Hashem's help in the short seven years of its existence, Ahavas Olam has succeeded remarkably in the above and the feeling of community has indeed become the hallmark of all Ahavas Olam activity. A number of families have even chosen to make Detroit their permanent home due to their satisfaction with Ahavas Olam and its vibrant communal atmosphere.
